

ZT in CeBIT Hannover 2005

The overseas department of ZTT attends annual CeBIT Communication Exhibition in Hannover, Germany. They exhibited the products to the visitors including power optical fiber cables, communication optical fiber cables, FTTH (Fiber to the Home) and distribution boxes, etc. The customers from many countries attach great importance to ZTT's special opinions on technology of power optical fiber ground wire (OPGW) and good supply performance in Europe. Many customers express that they are willing to cooperate with ZTT.
