Sri Lanka Telecom selects ZT to supply quality fiber optic product

Sri Lanka Telecom is the biggest telecom operator in Sri Lanka to provide Telephone, Internet & network services. ZT has been working with Sri Lanka Telecom since 2004. With the effort made between 2 parties, ZT actively participate in its domestic market and service the community to provide quality fiber optic product.

After almost half year tender evaluation and selection process, ZT was selected as one of the preferred suppliers to supply quality fiber optic product to Sri Lanka Telecom. "It is a remarkable success for ZT and it is not the first time we supply fiber optic product to Sri Lanka. Sri Lanka Telecom is the most esteemed telecom operator in the country and we are pleased to service them with our best quality products and continuous improving services" said Mr. Julian Chan, General Manager of ZT in Hong Kong.

With this success in supplying fiber optic product to Sri Lanka Telecom, ZT will make further effort in this market in order to meet the growing demand of fiber optics in Sri Lanka
