

ZTT delivered Next Generation RF Cable to Laos

In mid March, the staff from Zhongtian Hitachi RF Cable Ltd is extremely busy due to the first mass production orders from a mobile network operator of Laos..

ZTT has delivered more than 20,000m of 7/8" RF cable for base station construction in Laos in mid March. Products are well inspected and tested according to international standard and ZHRF internal standard. All products were exported and recorded as the first mass production lot for overseas market outside China. Once again, it proves the quality standard and reasonable price of ZTT in the market.
