Oct. 12, 2007

***EGAT choose ZTT OPGW for its Renovation Network***

EGAT (Electricity Generating Authority of Thailand) is the only power grid in Thailand to provide transmission line for 110KV and above for Electricity Supply market. In EGAT recent network renovation project, ZTT has been chosen as OPGW supplier to provide high quality fiber optic cable of upto 460KM. It is one of their largest OPGW replacement project in EGAT and we are proud to support Thailand government in their infrastructure development work.

ZTT is one of the leading OPGW manufacturers in the world. Continuous development innovative technology is the key keeping success. By providing excellence services and products to client, we are continuously appreciated by both domestic and international clients. We'll keep maintaining our highest quality service and product in order to further strengthen the market share in worldwide market.
